The production of gourmet oils is a time-honoured tradition in France. Originally, each village had a mill which roasted and extracted the oil from nuts gathered by local farmers. These delicious oils were used in hearty rustic fare and were also found in Paris' finest restaurants. La Tourangelle is one of just a handful of these remaining mills that keep this tradition alive. Through a partnership between one of the oldest and most respected French artisan oil mills, Huilerie Croix Verte SAS from Saumur, France, and California Oils Corporation, La Tourangelle has succeeded in recreating the spirit of a traditional French oil mill in Woodland, California. Hand-crafting a wide range of delicious artisan oils in both California and France, La Tourangelle distributes an exclusive line of premium quality oils in many countries around the world.

HBC boasts the highest quality saffron in Australia and New Zealand based on international standards through laboratory testing. Saffron is considered the most expensive spice in the world, due to the extremely labour-intensive process involved in harvesting these fine threads. This musty, honey-flavoured spice is best used in small quantities, often becoming bitter when overused. Most commonly used in risottos and paellas, this beautiful spice is a staple ingredient for Middle Eastern and European dishes.
